Call for Papers

Special Issue: Corporate Risk Management

Guest Editor: Christopher L. Culp

Published online: 19 August 2006

The journal *Financial Markets and Portfolio Management* invites submissions of original research articles as well as shorter "Perspectives" papers for a special issue on "Corporate Risk Management" that is scheduled for publication in December 2007.

Topics

The Special Issue includes, but is not limited to, the following topics.

- Corporate hedging and insurance programs.
- Post-loss and pre-loss risk finance.
- Structured insurance and alternative risk transfer.
- Multi-trigger and multi-line risk transfer programs.
- Organized self-insurance programs (captives, protected cell companies, mutuals, etc.).
- Enterprise-wide risk management.

Case studies and institutional papers are welcome as submissions for "Perspectives" papers.

Submissions

Deadline for the submission of articles is **March 1, 2007**. All submissions are subject to a double-blind peer review. The Special Issue Editor anticipates making final decisions on accepted papers by August 2007. The best two published papers of each volume of FMPM are awarded with the FMPM Best Paper Award (EUR 1000) and the Swisscanto Best Paper Award (CHF 4000).
